DETAILED ACTION

Information Disclosure Statement

1. The information disclosure statement filed 2/19/2004 fails to comply with 37 CFR 1.97(d) because it lacks a statement as specified in 37 CFR 1.97(e). It has been placed in the application file, but the information referred to therein has not been considered.
2. The information disclosure statement filed 2/19/2004 fails to comply with 37 CFR 1.97(d) because it lacks the fee set forth in 37 CFR 1.17(p). It has been placed in the application file, but the information referred to therein has not been considered.
3. The information disclosure statement filed 2/19/2004 fails to comply with 37 CFR 1.98(a)(2), which requires a legible copy of each U.S. and foreign patent; each publication or that portion which caused it to be listed; and all other information or that portion which caused it to be listed. It has been placed in the application file, but the information referred to therein has not been considered.
4. The information disclosure statement filed 2/19/2004 fails to comply with 37 CFR 1.98(a)(3) because it does not include a concise explanation of the relevance, as it is presently understood by the individual designated in 37 CFR 1.56(c) most knowledgeable about the content of the information, of each patent listed that is not in the English language. It has been placed in the application file, but the information referred to therein has not been considered.

Allowable Subject Matter

5. Claim 1, 10, 12-14, 21-29, 39, and 40 are allowed.

Response to Arguments

6. Applicant's arguments filed 2/19/2004 have been fully considered but they are not persuasive.

Applicant states that a Form PTO 1449 was filed on June 19, 2003. No form PTO 1449 was found in the official record nor were the corresponding required documents found (including the cited foreign patent document and partial foreign search report).

Accordingly the filling on Feb 19, 2004 of a new PTO 1449 is being treated as the first occurrence of said PTO 1449 and as detailed above none of the required certification, documents, and fees are present and accordingly the form PTO 1449 has not been considered.
